Harmony on the Plate:
The Warung Philosophy of Culinary Balance

Welcome to The Warung, where culinary excellence meets the essence of TRI DOSHA - the ancient Hindu philosophy of balance and harmony within oneself and the universe. Inspired by the fundamental principles of Ayurveda, our culinary creations embrace the intricate interplay of Vata, Pitta, and Kapha energies.

Just as Vata governs movement and creativity, our dishes dance with the vibrant flavors of Indonesian. With each bite, experience the airy essence of air and space encapsulated in our innovative presentations.

Like the fiery Pitta, our kitchen ignites with passion and precision, meticulously orchestrating flavors. Savour the transformative power of fire and water as our skilled chefs craft dishes that tantalize the palate and invigorate the soul.

Grounded in the stability of Kapha, The Warung exudes a sense of rootedness and authenticity. Amidst the earthy tones of our all-natural wood décor and the stability of Indonesian warung-inspired, immerse yourself in a dining experience that provides structure and nourishment to both body and spirit.

Step into The Warung, where the symphony of balance and flavor awaits, meticulously orchestrated by The Warung culinary artisans.

The story behind congklak ...

No journey to Indonesia is complete without sambal. To accompany your meal, we provide a variety of authentic Indonesian sambals served in a *congklak*. Feel free to inform our team if you would like us to tailor the level of spiciness. We have chosen 12 of our favourite sambals and serve them to you in our version of the congklak, a traditional Indonesian board game still played by children throughout Indonesia.

To play a game of congklak, you need a congklak board and 98 small shells, seeds or stones. The object of the game is to get as many shells as you can into your store house.

Your store house is the hole at the end of the board on your left side. You win the game if you are the person with the most shells in your store house (MENANG BIJI) or if you are the last person to run out of shells on your side of the board (MENANG JALAN).

This is how the congklak is used traditionally and what inspired us. In our congklak, you will find two of the most important condiments in Indonesian cuisine sambal and kerupuk.
